SUBJECT.

Municipal Garden at Thirthahally

Indexed

W D 68—GPB—50,000—24-7-16

Memo

The Rural Board of Thirthahalli having found that the Govt. Garden in the town was not profitable to them on account of its nearness to the mutton market, which makes the garden obnoxious & does not admit of extension, resolved in their meeting on 13th July 97 to convert it into house sites and sell them by public auction at an advantage to the County.

2. When an extract of this resolution was sent to the Deputy Commr. of Shemoga for orders the Amildar was called upon to report the different kinds & Nos. of trees the garden contained and the total outlay since its formation.

3. The Amildar reported that the garden contained only 27 mango trees & nothing else, that the total cost of the garden from 1866-67 amounted to Rs 70 and the income derived therefrom up to the end of 1896-97 was Rs 198-5-9 and that the garden was not situated in a convenient position.

4. Thereupon the Deputy Commr called for the record connected with the formation of the garden & that the Rural Board reported that the garden is [illegible]

in 1886 agreeably to the instruc-
tions conveyed in Circ: No 7
of June 1886; that the original
papers were not forthcoming
in the Records of his Office
and that the Locality of the
Municipal Garden should be
changed Thereupon the
Auditor was asked to re-
port the exact extent of the
Garden with the number of
houses that could be built-
thereon - The plan &c was
Ruled to the Dept Commr, from
which it would appear that
extent of the Garden land
was 3 acres & 10 Perches
and it could be divided into
8 house sites measuring 27 ft
33 ft each

Submitted for orders
as to whether sanction may
be accorded to the sale of
the municipal garden and
to the allotment of the ground
as building sites and the
paper sent to the (Rev
Branch for the issue of
orders in regard to the
alienation of the land
required for the proposed
new garden
